

July/August 2008

Electronic Newsletter

Dear RV'r:

Welcome to our latest electronic newsletter!

The new resort is really beginning to take shape and our first customer has moved onto his brand new lot! We trust that you will enjoy the following photos and hope that you will come and see for yourself the incredible lots that we have for sale.

What a view!

The gorgeous BIG skies

Of Montana

Panoramic view lots are still available to purchase just like the one in the photo. Many more customers will be moving onto their lots in the next few weeks so it's not too late to come and enjoy some of the best weather and views Montana has to offer with your friends and family in August and September.

Carlisa has been busy making the resort look beautiful as usual!

We look forward to seeing you this year – whether it's to rent for a single night or stay for a lifetime!

Best wishes,

Paul & Carlisa London
